^{*} The table covers regular SBF projects approved by the Board/President in Q2, 2020.

1.3.2. Projects under the AIIB COVID-19 Crisis Recovery Facility

AIIB discloses information on investment Projects supported by its COVID-19 Recovery Facility (CRF) in accordance with its existing disclosure policies. The disclosure days vary from project to project because some major parameters of the projects were not fixed at the time of screening, given the projects' emergency nature. The PSIs were published as soon as the main parameters of the projects were agreed with the client.

In the case of a policy-based lending (PBL) and a development policy financing (DPF) cofinanced with the Asian Development Bank (ADB) or the World Bank, a nondisclosed Memorandum of the President (MoP) is used in place of a Project Document and AIIB discloses information on the operation in a PSI. For PBLs and DPFs that support policy actions taken by the beneficiary government, and are not targeted to specific investments, Client ES documentation disclosure requirements do not apply.
