<b>Environmental and Social Category</b>	FI
<b>Environmental and Social Information</b>	<p>AIIB's Environmental and Social Policy (“ESP”) is applicable to the Project, which has been placed in Category FI because it involves the provision of funds to AIF which, after the Bank conducting prior review of the initial investments and all investments presenting higher environmental and social (E&amp;S) risk, decides on the use of Bank funds, including the selection, appraisal, approval and monitoring of investments in portfolio companies.</p> <p>AIF has established an Environmental, Social and Governance (“ESG”) policy in accordance with the Bank’s ESP and investment guidelines and appointed a senior manager to oversee its implementation.</p>

	<p>AIF's ESG management system (ESGMS) includes guidance for each phase of the investment process: screening (e.g. categorization guidance, sector profiles, E&amp;S checklists), due diligence (e.g. sector-specific E&amp;S questionnaires, site visit checklist, consultant terms of reference), investment decision (e.g. template for incorporating E&amp;S assessment into Investment Committee papers), and monitoring and reporting (e.g. forms for portfolio company reporting, templates for AIF reporting to AIIB).</p> <p>For all investments supported by AIIB, the Fund requires through an ESG Action Plan the establishment of a subproject-level ESGMS proportionate to the risks and impacts of the portfolio company as identified during the Fund's ESG Due Diligence, including appropriate processes for timely disclosure of E&amp;S information for new activities, and establishment of subproject-level Grievance Redress Mechanisms (GRMs) to address concerns and grievances from both project workers and project-affected people. Portfolio companies shall regularly report on their relevant environmental and social performances, and the Fund Manager will monitor these aspects as part of its subproject monitoring process and report accordingly to the Bank.</p> <p>The Fund Manager has disclosed on its website (<a href="http://www.esg-aic-fund.com/">http://www.esg-aic-fund.com/</a>) a brief summary of its E&amp;S commitments and the names, locations and sectors of <a href="#">subprojects</a> that are being supported by AIIB's financing, subject to regulatory constraints and market sensitivities. The Fund Manager's website also provides <a href="#">contacts</a> where it can be reached to receive and address views of affected people, enquiries or concerns regarding its own E&amp;S processes and outcomes as well as E&amp;S impacts and performances of its investments to date.</p> <p>AIIB has conducted an E&amp;S review of the Fund's initial investments and conducted prior review of those presenting significant E&amp;S risks, including all Category A and Category B investments determined to have high impact significance in accordance with the agreed ESGMS. The Fund shall continue to submit to AIIB for review an annual E&amp;S monitoring report reporting on the E&amp;S performance of all AIIB-supported investments AIIB will conduct regular monitoring of the Fund's activities, including documentary reviews and potentially visits to selected subprojects.</p>
